

Welcome to Lakshmi Garden Campus

Lakshmi Garden

Lakshmi Garden
Matric. Hr. Sec. School

A Sketch

Every summer the search for a good school begins for thousands of parents in Vellore. According to Ronald Koetzsch, "Choosing a school for a child is one of the most important decisions parents make. The school, its teachers, curriculum, educational philosophy and values both explicit and implicit will affect the child's day-to-day life. It will help shape the child's personality, view of life, behaviour and destiny as an adult. It will also deeply affect the lives of the parents, the life of the family and the community as a whole". Good education is now being perceived by parents cutting across class lines as the best investment for their children.

This longing for a good co-educational school in Vellore is now fulfilled by Lakshmi Garden Matric. Hr. Sec. School promoted by Geethanjali Charity Foundation on a primeland in the heart of the city with good infrastructure and vision-oriented teachers.

School Motto

"Learning for Life"

The secret of good teaching is to regard the child's intelligence as a fertile field in which seeds may be sown, to grow under the heat of flaming imagination. We, at Lakshmi Garden, understand the pedagogy of the child. Children should experience the wish to learn in a happy environment. The school trains the character of the children and prepares their spirit to greater levels of enthusiasm and inquisitiveness. The school not only focuses on academic achievements, but also helps the children to learn to know right from wrong, to make progressive contributions to the country as a community, to work in teams and to develop positive attitudes towards life and work. **"The education of the child, therefore, does not aim at preparing him/her for school, but for life."**

Admission

Admission

Admission is open for L.K.G. & XI Std. only. For other classes, limited vacancies, caused by transfers are filled up on the basis of merit.

Age requirement for admission

Minimum age of 3 years completed and maximum of 4 years as on 1st June of the year of admission of L.K.G. and accordingly for the higher classes is essential.

Medium of Instruction

English is the medium of instruction. Tamil and Hindi are taught as languages. Tamil/Hindi/French is offered as II language for the Higher Secondary stream.

Academic Council

The Management comprising of the Correspondent, the Academic Director and the Principal along with the team of highly motivated teachers work industriously towards building the future of the children.

Curriculum

Pre School: LKG & UKG

Mighty things from small beginnings grow - John Dryden

Children are engaged actively in a set of standardized learning experiences. Through purposeful play, creativity is triggered and the outcome is happy learning. Teachers as facilitators seek to know more about the children by observing, listening, questioning and playing with them. The children feel respected and valued and believe that they are capable of higher learning. Music, dance, hands-on activities and sand play make schooling an enjoyable venture. Maths manipulatives, pattern blocks and linker cubes make real play time. 'Show and tell' helps children to enrich their confidence and vocabulary, phonemic awareness and phonics.

Junior School: Std I to V

The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires.

Children learn languages, Mathematics, Science, Social Studies, Art and Craft, Music, Physical Education & Computer Science taught by trained graduates in a child friendly atmosphere. Classes begin with morning messages where play with words, songs, class meetings and sharing times happen.

Senior School: Std. VI to X
 As per the syllabus the subjects English, Tamil, Hindi, Maths, Physics, Chemistry, Botany, Zoology, History, Geography, Computer Science, SUPW (Socially Useful and Productive Work) and Physical Education is taught upto Std. X by highly competent staff and the school prepares the students for the Tenth Board Exam of Tamil Nadu.

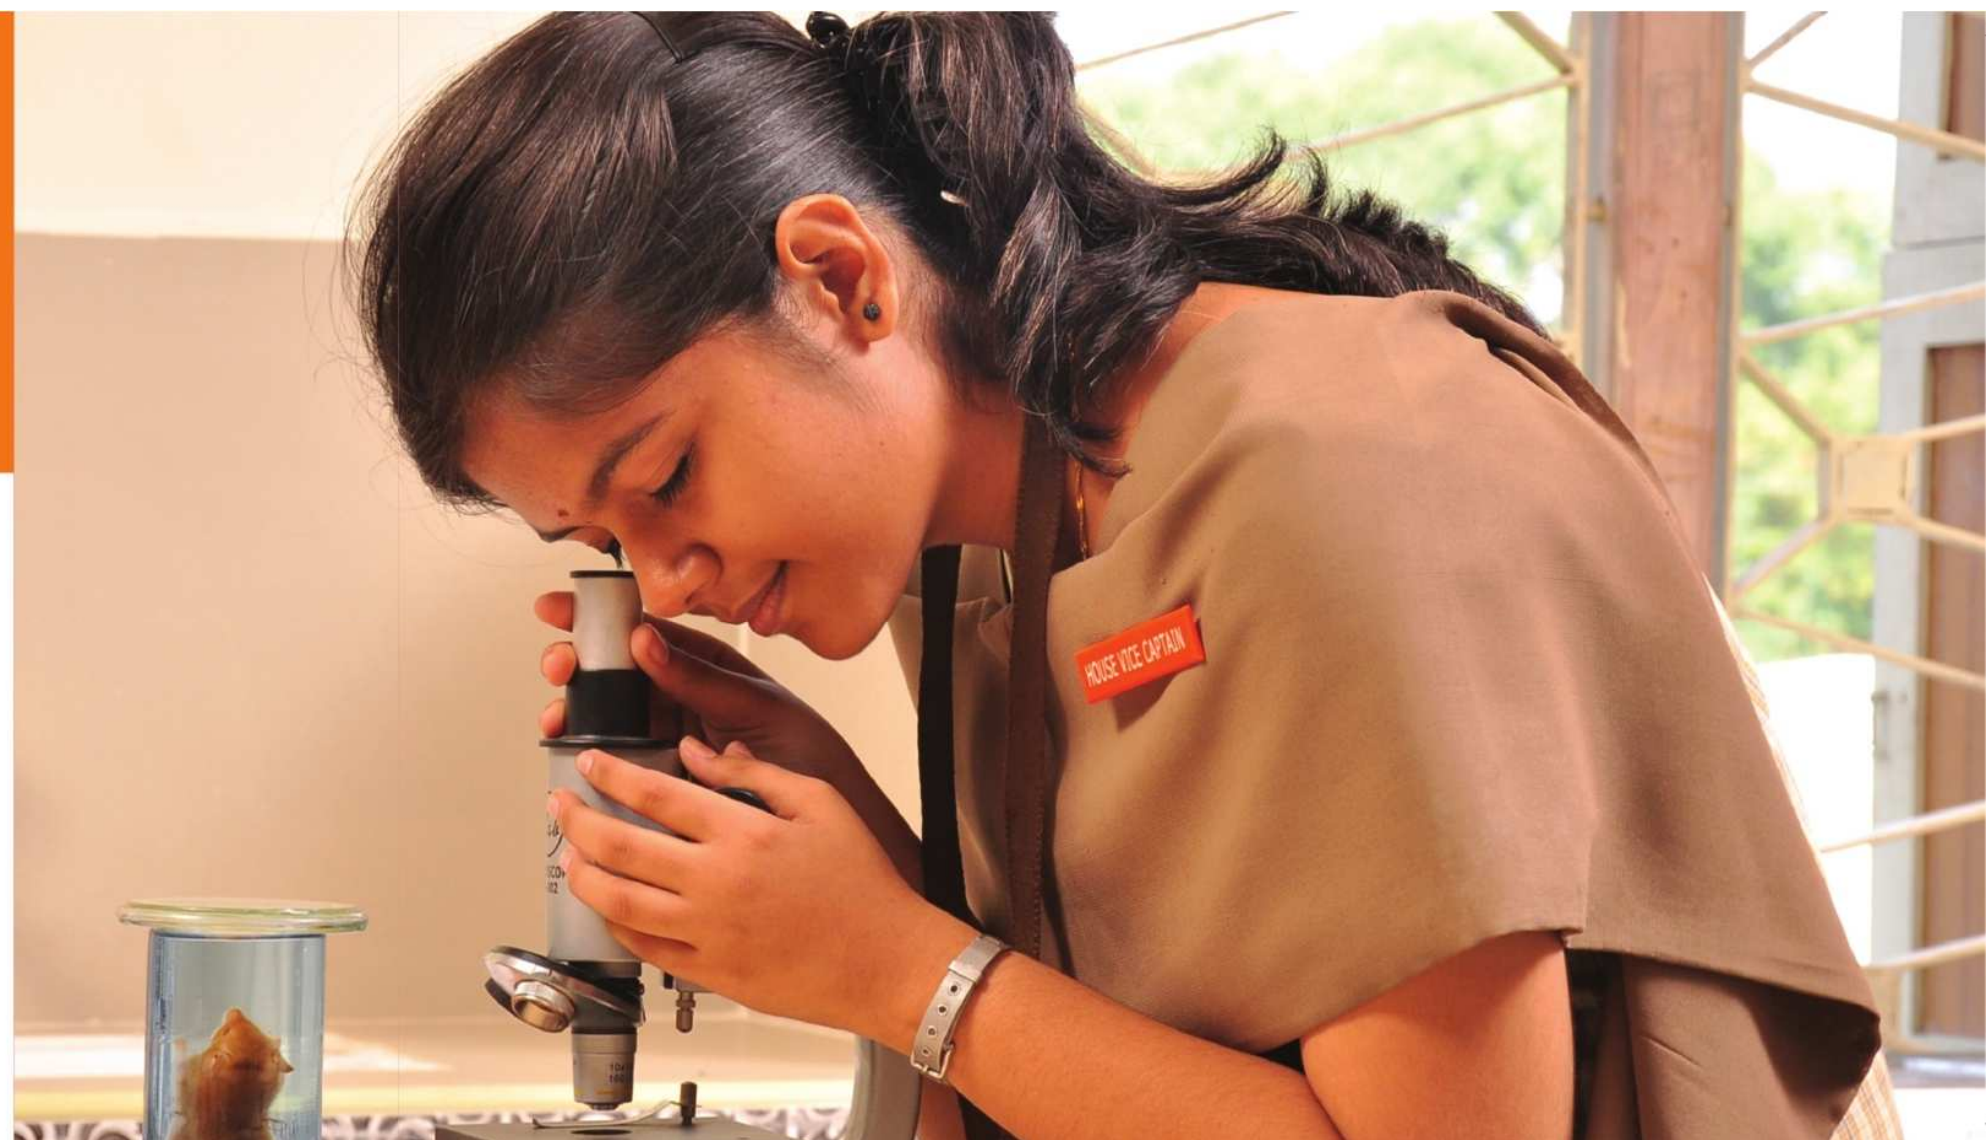

Higher Secondary School: Std. XI & XII

The State board syllabus in +1 and +2 is taught by experienced teachers to equip the students to score high marks to enter into good professional colleges on merit.

Groups Offered:

- A Group - Maths, Physics, Chemistry, Biology
- B Group - Maths, Physics, Chemistry, Computer Science

- French, Hindi & Tamil are offered as First Languages.

Assembly

Morning assemblies play a vital role in the day of a child at Lakshmi Garden Mat. Hr. Sec. School. Weekly Quiz, newspaper reading, sharing snippets from books, talking about the blurb of books written by famous authors help to provide an opportunity for the children to showcase their talents.

Houses

The children are grouped into four houses aptly named after flowers. They are Lotus, Sunflower, Daisy and Rose. Each house has a motto that helps children to compete in a healthy, sportive manner and thereby nurture all-round skills that enables them to face the larger challenges of life.

IHA (Inter House Activities) conducted every week provides the necessary stimulant and platform for the Houses to perform, work collaboratively and strive for excellence in a joyful manner.

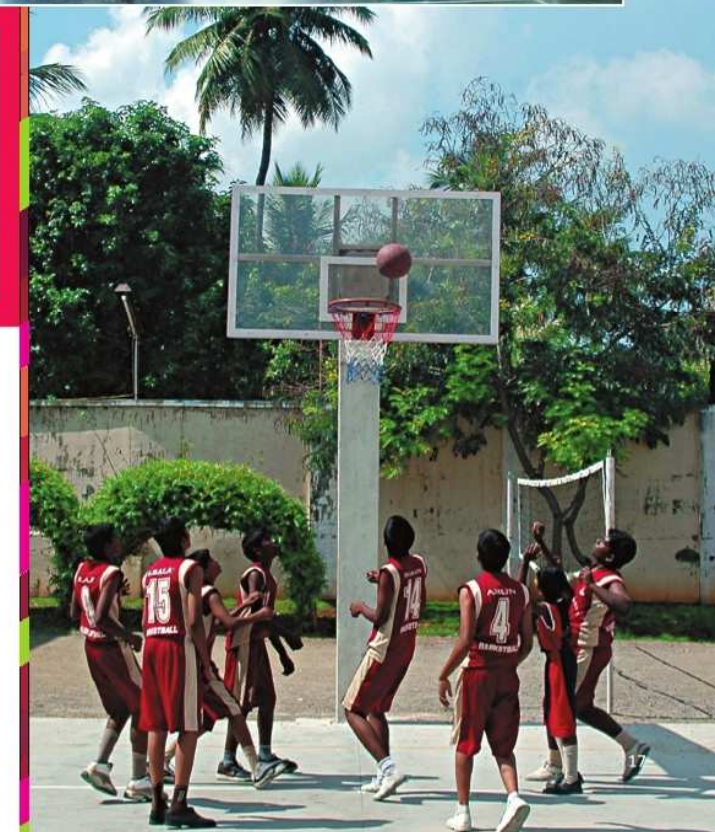

Library

Man's mind, once stretched by a new idea, never regains its original dimensions. - Oliver Wendell Holmes

The library is one of the finer components accessible by all children and teachers. It houses books picked carefully according to the pedagogy of the children. Various in-house activities like making book marks, creating blurbs for books read, Best Reader Award, Literary Week Celebration & Library Day inspire children to go beyond the textbooks and enjoy reading. A pilot project named **Read every weekend** ensures availability of age appropriate books for children to quench their thirst for knowledge.

Other facilities

The Junior & Senior Computer Labs, the Play ground, the Multipurpose Hall and the Audition Room with experienced music teacher and sound-engineer make learning compatible with Howard Gardner's multiple intelligences.

Vaibhav

Extra Curricular activities

The school celebrates Sports Day, Independence Day, Republic Day, and all festivals with great pride and enthusiasm. 'Carnival' held on Children's day is an event looked forward eagerly by the children every year.

Language Development, Maths and Science Activity Classes

Every Saturday, children are taken on an off-academic learning spree where they experience the nuances of language, science and maths through games, puzzles and activities.

Vaibhav

Life without entertainment is like a music without melody; a dance without beats. Lakshmi Garden has its 'Variety Entertainment Programme' every year in the month of February called 'Vaibhav' where the skills of the children in extra curricular activities like dance, drama and music are exhibited. This annual theatre presentation also hones their leadership skills.

Annual Day

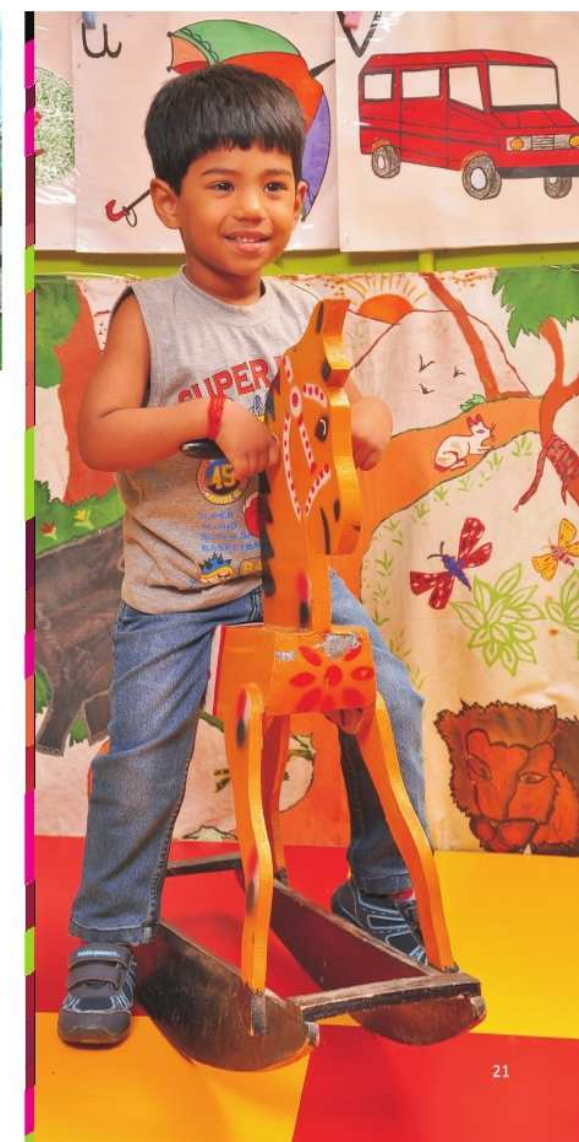

Students with an outstanding record in academics and games are awarded prizes and certificates on the annual day followed by a graduation ceremony for the Board Exam going children.

Pre-Kindergarten

(with activity based classes for children between 2 and 3 years)

Aim

Geethanjali Charity Foundation also has Krish Garden School, a pre-kindergarten play school in its campus.

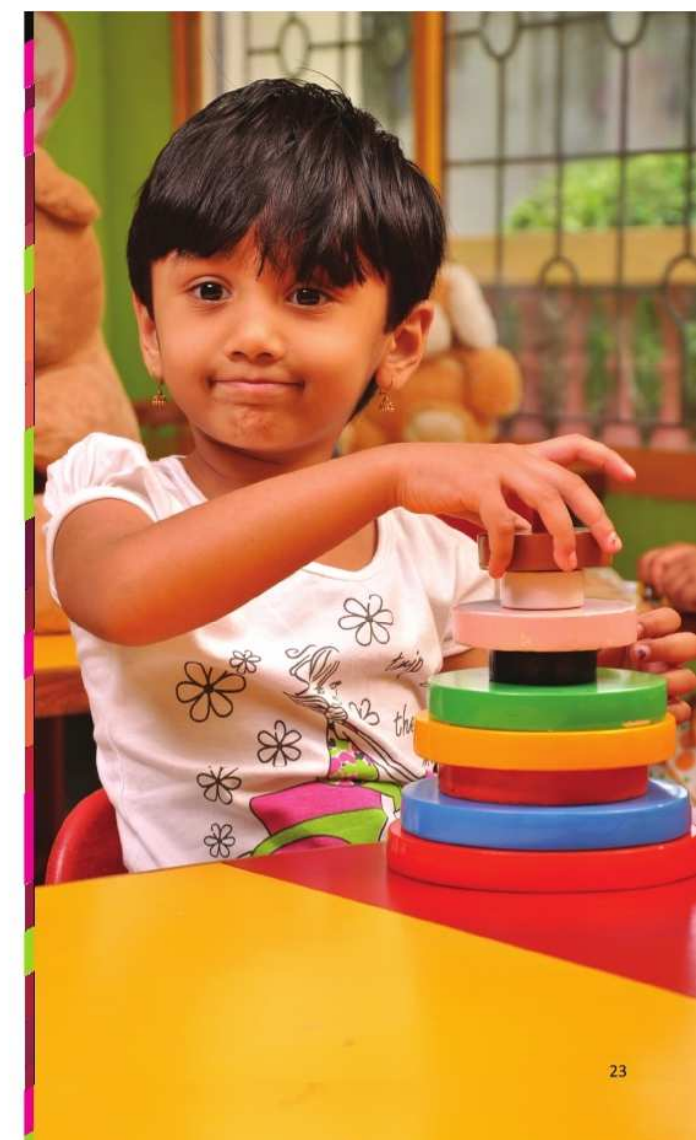

Before stepping into formal school life it is necessary to introduce the children to the joys of learning through play. Krish Garden Play School provides the experiences for physical, intellectual, aesthetic, emotional, spiritual, sensorial and social development of the children through creative and modern education in an attractive and caring environment. During this stage children learn through imitation and play and have the ability to represent objects with images and words. Facilitators at Krish Garden understand this need of the child and provide more play and activities. We help the students how to learn, so that the learning process continues for life.

Age requirement for admission

Minimum age of 2 years completed and maximum of 3 years as on 1st June of the year of admission.

School Timings

9.30 a.m. to 12.25 p.m.
